Procedures Department

THRU : 
JOY A. VILLACORTA
Senior Vice President and Concurrent Acting Head
Benefits Administration Division

FROM : 
MARIA JOYCE M. OBISPO
Department Manager III

SUBJECT : ADVISORY ON THE IMPLEMENTATION OF THE UPLIFT PROGRAM - GROUP 3

In relation to the implementation of the UPLIFT Program for Group 3, below are the following updates for your guidance to ensure the consistent handling of member inquiries at all SSS branches.

A. Notification to the Qualified Beneficiaries

The qualified beneficiaries were notified through their My.SSS accounts via Inbox Notification on **31 July 2026**.

In addition, based on the information provided by the **Land Bank of the Philippines (LANDBANK)**, the **₱2,000 financial assistance for the July 2026 payout has already been credited** to the enrolled disbursement accounts of qualified beneficiaries on **31 July 2026**.

B. Notification on the Status of Crediting of Financial Assistance

Upon receipt by the SSS of the official crediting report from the LANDBANK, Inbox Notifications will be sent to affected members whose financial assistance could not be successfully credited. The notification will inform them of the unsuccessful crediting and provide the necessary instructions to facilitate the reprocessing of their financial assistance.

In the meantime, to ensure the consistent handling of member inquiries, branches are advised to instruct members who received the Inbox Notification on 31 July 2026 but have not yet received their financial assistance to update or enroll an active disbursement account through the Disbursement Account Enrollment Module (DAEM), following the usual procedures. Members with an enrolled **MLhuillier** disbursement account should likewise be advised to enroll another eligible disbursement account, as MLhuillier accounts are currently not supported for the crediting of financial assistance under the UPLIFT Program.

C. Re-disbursement of Financial Assistance

A separate advisory will be issued to inform the branches and members of the schedule for the re-disbursement of financial assistance to the affected beneficiaries.

D. Inquiry Facility

To improve transparency and reduce branch inquiries, the following monitoring facilities will soon be made available:

- **My.SSS Portal** – Qualified beneficiaries will be able to view the status of their UPLIFT financial assistance, including the month covered, amount, and crediting status, for payouts up to **December 2026**.
- **Web Inquiry System (WINS)** – The same information will likewise be accessible to branches to assist in addressing member inquiries.

Further advisory will be issued once these facilities become available.

E. Frequently Asked Questions (FAQs)

Attached as **Annex A** are the FAQs on the UPLIFT Program for **Group 3**, which shall serve as a guide for branches in addressing inquiries from members and qualified beneficiaries.

Please disseminate this information to the employees of the Branch Operations Sector, the International Operations Group, and the Central Processing Group.

Also, this advisory is requested to be posted by the Branch Systems and Procedures Department (BPSD) under the Branch Operations Section of the SSS Intranet.

For questions/clarifications, please email Johanna Erika M. Puzon, Acting Corporate Executive Officer II of Pensions Administration Department at puzonjm@sss.gov.ph or through PAD's corporate email at pad4@sss.gov.ph.

Thank you for your usual cooperation.
