SUBJECT : IMPLEMENTATION OF THE SSS MICRO LOAN PROGRAM (SSS LOANLITE) THROUGH UNIONDIGITAL BANK

We are pleased to announce that the **Guidelines of the SSS Micro Loan Program through Participating Financial Institutions (PFIs)**, issued under **SSS Circular No. 2026-005** dated **04 August 2026**, will be implemented starting **10 August 2026** via the **UnionDigital Bank (UD) Mobile Banking Application (app)**.

UD is the first private digital bank authorized to implement the SSS Micro Loan Program, which it shall offer exclusively to its clients/accountholders. Loan initiation, processing, approval and crediting of proceeds are expected to be completed within minutes via the UD app.

The SSS LoanLite through UD shall bear the following charges to be deducted upfront from the loan proceeds:

Deductions	Rate
1. SSS Interest	8% per annum (0.67% per month)
2. UD Transaction Fee	Php200 per transaction
3. UD Add-on Fee	3% per annum (0.25% per month)

Opening of a UD account is done through the UD app, with no initial deposit and maintaining balance required.

Loan Servicing by UD

- End-to-end handling of loan applications, disclosure statements, crediting of proceeds, notices/billing, collection via auto-debit arrangement (ADA) (default collection mode), and statement of accounts;
- Handling of past-due accounts for up to **60 days after the loan term** through continuous sending of billing notices and collection of full balances with interest and penalties;
- Defaulted loans beyond 60 days will be **turned over to SSS** for handling.

Rejected Loan Applications

Applications may be rejected due to unmatched records between SSS and UD (name, date of birth, SS number), or due to any unpaid SSS Short-term Member Loan balance.

In such cases, UD will provide the SSS contact details or advise borrowers to visit the nearest SSS Branch for usual assistance in the updating of member records following standard procedures.
